All I Ask of You: Michael Crawford  
Have I told you lately: Rod Stewart  
The Wedding Song: Paul Stookie  
Lady In Red: Chris Deburgh

### **MOST 4-5 HOURS RECEPTIONS PROCEED AS FOLLOWS:**

- 1) First 30-60 Minutes - Greeting of Guests (with or without a receiving line)
- 2) One Hour+ - Serving of the Food.
- 3) Two - Three Hours - Dancing, Cake, Garter & Bouquet toss.

For the first hour and a half, during the greeting of guests and the mealtime we usually play Light Jazz, New Age, Classical and/or Love songs.

### **TIMING HINTS:**

- A) You can start the dancing anytime after the entire bridal party and family have eaten.
- B) Cut the cake 30-45 Minutes after the start of dancing, Let them get warmed up and dance awhile. This then serves as a good "dessert and coffee time"
- C) I suggest that you do the garter & bouquet tosses right after the cake cutting. Otherwise everyone usually stands around and watches the caterers slice up the cake and they won't dance again till they get their cake. The bouquet toss clears the dance floor and saves time.
- D) If you are planning to do a Money dance, doing it immediately after the cake cutting or garter toss assures that most of your guest will still be present. (The earlier the better)  
(It also helps to have a couple of people pass out pins or lay them at the end of the tables.)
- E) If you are going to change your clothes prior to leaving, do so about one-half hour prior to the end. Then you can have your Farewell dance about 15 Minutes prior to leaving so that we can play a couple of additional dance number for your guests while you are saying your good-byes"

### **FIRST DANCE:**

If you wish the first dance to be before the serving of food; Please inform us, because it is normally done after the food. People are more likely to dance after a good meal and a few drinks.

### **SECOND DANCE:**

If parents are not present, or will not dance, let us know so that we don't invite them to join you on the dance floor.

**OVERTIME:** If your party is still jumpin around 15 minutes before your contracted end time, then we will usually ask you if you want to go overtime. Otherwise you need to tell the DJ if you want the music to continue past your contracted time.

We take pride in making wedding receptions, smooth and memorable events.

Relax and have a goodtime. The music is under control
